Professional Experience

DATA SCIENCE TRAINEE

COINCENT

In this programme I trained under the mentorship of coincent trainers and gained hands-on experience on data science using python. I have done a project of wireless sound control using hand detection using open cv library.

Projects

Cafe Website

Created a modern and user-friendly website for a cafe. The website needed to showcase the cafe's menu, services, location, and provide an easy way for customers to contact the cafe and make reservations. The resulting website for the cafe is visually appealing, easy to navigate

Wireless Sound Control

Developed a wireless sound control project using python's open cv library. Designed user-friendly interface for effortless sound control that increases or decreases the volume based on the finger's movements.

Certificates

Oracle Cloud Infrastructure 2023 Certified Architect Associate -2023

Level 0

JPMorgan Chase & Co. Excel Skills Job Simulation on Forage

Accenture North America Data Analytics and Visualization Job Simulation on Forage

Red Hat Certified Enterprise Application Developer

Level 2
